2021 Vampata Rosé

Out of Nothing...

WINEMAKING

This Rosé was made in the traditional saignee method. We picked the Pinot Noir grape, put it into the tank, and bled off the unfermented juice when the colour was the right hue of pink. After that, we cool fermented the juice to create this plush Rosé.

TASTING NOTES

The Vampata is crisp pink in colour and speaks of summer in the glass. Aromas and flavours of strawberry, cranberry, and rose-hips. The mouthfeel is round with a balanced gooseberry finish.
